Trade - Electronic mechanic  
 Trainee name - Sukhender kumar  
 Current occupation - Assistant at DMRC

**Sucess story of my life.  
 I get inspiration from ITI  
 Narela Delhi.  
 There I got a platform to  
 stand and achieve my goal**

My name is SUKHENDER KUMAR KASYAP I belong to a middle class family. Right from the beginning my ambition was to work in a process industry. In this regard my father advised me to get admission in iti Where there is a will there is a way. I got admission in ELECTRONICS trade in SESSION 2014-16. I worked hard during my training period. My teacher MRS. CHANDERKALA supported guided and motivated me at each and every step. The infrastructure of our ELECTRONICS trade lab helped me a lot to learn about different types of tools and equipment such as TV REPAIRING, LED TV and many electronics circuit. After the completion of ITI course. I started my career as a home appliances technician. But my ambition was something else. No pain no gain. I worked hard to achieve my goal. At last my dreams come true when I got an offer to work in DELHI METRO CORPORATION. I joined as a ASSISTANT post in this organization. I was happy to join this company but not satisfied. I gave my full potential to prove myself in this company. I will qualifying couple of exams and interviews at company level I will become a supervisor in this company. Presently I am drawing a salary of 25000 per month. It's least not last. I am very grateful to my ITI teachers, faculty members and my family who always supported and guided me to achieve success in my career. I always obey my teacher guidelines. She is properly guide me every time at every step.

**TRAINING SESSION  
 2014-16. During this  
 session, I prepared  
 myself how I achieve  
 my ambition. I am very  
 thankful of my teacher  
 whose guide me every  
 step.**

I am SAHIL. I live in Delhi. I belong to middle class family of Delhi. The financial condition of my family was not good. I was a very poor student in studies and I had failed twice in my 9th class and my schoolmates threw me out. From school, I studied class X from open school and could not get very good marks even in class X. But I do not know further, I will read. what to do? My brother told you go and do ITI.

I went to ITI NARELA DELHI and took admission (SESSION 2018-2019) . After taking admission, I got plumber trade and I got admission in plumber trade. I didn't know anything though. Plumber is in trade, what is there, what does not happen but my teacher is there. Mr. RAVINDRA SIR and BALWANT SIR guide me that you would have been in it and told about the tools in it.

After passing out ITI, I did a job for six months and I had a dream and a goal to become a teacher (inspector). My sir got a call on day 1 and sir told that you go to NSTI Chennai and there you can fulfill your dream, you can become a teacher of plumber trade.

NSTI went to Chennai, there I took 1 year training there, after taking training from Mr. CHOKALINGAM SIR JI, I came to Delhi and after some time I got a job of private ITI in Lucknow ITI and I am there now. But I am training the children how to work and at this time I am fulfilling my ambition and dream. Thank you GOD, MY big brother and all iti staff.

Trade - Plumber  
 Trainee name - Yasir khan  
 Current occupation - Instructor in *ITI at kanpur*

I am Yasir Khan. I come from middle class family and the financial condition of my family was not good. I have passed 10<sup>th</sup> from Sarvodaya Vidyalaya. my home is also in Delhi and passed 12<sup>th</sup> from Kendriya Vidyalaya. But didn't get a job anywhere. I then told by the parents of my that if you go and do you ITI, I am wait for 2 years for but no admission. Then I got selected. Plumber trade was in SCVT, so I got my conversion done from NCVT for plumber trade about I have got the lemeeting just after doing trade in it. According to him in NCVT, send such a video to my shoe of eighteen nineteen. But Mr. Balwant sir and step by step help a lot during this time and after doing all this I made a plumber's license. From Delhi Jal Board. I have heard that from Delhi Jal Board, I will have some work on contracts etc. If you don't get anything then talk to my friend. Both of them told me to Mr. Ravindra sir and Mr. BALWANT sir. Suggest that you go to CITS PLUMBER TRADE NSTI Chennai and if you do, I will go. Later after doing admission details in NSTI Chennai got Mr. Shill chokalingam Elevation which is very good idea and after that take admission in mere. Complete mine first. After that today I will go to my desired Teaching. Got success, which was Imran. Speaking and visiting Animal Unspeakable word for life, I have become my teacher and am teaching children in private ITI inside private ITI Kanpur. Thank you my family and teachers and all Narela iti. This time I am achieve my goal.

Trade - COPA Computer operator and programming assis  
Trainee name - Pankaj  
Current occupation - Craft Instructor COPA in ITI at delhi

Myself Pankaj presently living in Alipur Village . I belong to a poor family , My father work hard for the future of their children , They usually pay my fee very difficultly. After passing Matriculation I was not under standing what I should do for my future . Some one told me about the ITI . I choose Computer Operator and Programming Asstt. Course in ITI . I usually travel by my bicycle to reach in iti in time. My class Instructor is very laborious . He usually encourage the class to work hard and get success in life . I passed my Computer Operator and Programming Asstt. Course with more than 80 percentage marks .After passing ITI I work in a Private company but my aim was to get more success . Whenever I need any type of suggestion I usually discuss with my ITI class Instructor . In 2009 I was appointed as a contractual employee in DTTE . But my aim was more . I pass judiciary exam also . But I was not qualified in interview because vacancy position were less .But I never leg behind After that I pass my DSSSB exam of DTTE as a Craft Instructor in Computer Operator and Programming Asstt. Course . My salary will be approx.. sixty thousand . This is the success story of mine .

Trade - Electrician  
Trainee name - Ravi kaushik  
Current occupation - Entrepreneur, owner of

Myself Ravi Kaushik and I belong to a middle class family. I have completed my technical education from ITI Narela in the batch of 2015-17. The Electrical Lab of ITI Narela is well equipped with modernized tools and machineries. During the course my Sir motivated me time to time for hard work, for practically sound and for developed self skills so I take much attention towards my training. After completion of ITI there was a challenge for me to earning money from job or by business. So like others, I was also take part in job search but I was not found any job suitable to me because my dreams was higher so I decided to open a small business of manufacturing of Weighing scale which is used in General stores, Jewellery shops, Hardware stores, in many industries etc. At present I doing my business successfully with team of 8 peoples who work for me. And I achieved success and become a successful entrepreneur.

At last I Thanks to My Parents, Teachers and my friends .

I Inderjeet Seth. I belong to a middle class family and live in a small village, of VARANSI UP. We are not financially strong. But my ambition was very high, I want to become businessman. I know there I could not achieve my target. In this regard my father advised me to get admission in ELECTRICIAN TRADE of Delhi ITI.

Where there is a will there is a way. I got admission in ELECTRICIAN trade in NARELA DELHI ITI (session 2009-11). I worked hard during my training period, there also many outdoor training like OJT and implant in industry. I got chance to introduce industries and new idea of business and also hands-on practical and punctual and maintain decorum of business. My teacher RAVINDER KUMAR supported guided and motivated me at each and every step. The infrastructure different types of tools and equipment such as transformer oil testing, generation of alternator etc.

After the completion of ELECTRICIAN course. I started my career as a home appliances technician. But my ambition was something else, there was no satisfaction. No pain no gain. Financially I faced many problems. I worked hard to achieve my goal. At last my dream come true when I got a loan and start business on the guidance of my teacher Ravinder kumar. I was happy to start my business but not satisfied. I gave my full potential to prove myself and registered my company "SETH ELELECTRIC". Now I have lot of self manufacture home appliance like ceiling fan, desert cooler electric iron, steplizer etc. at now I provide OEM for other companies, and my turnover reached more than one cr. I had completed my diploma in electric during this period.

I am very grateful to my ITI teachers, faculty members and my family who always supported and guided me to achieve success in my career. I am fully satisfied in my life.

मेरा नाम मनदीप सिंह है। मैं सिंधु गांव में रहता हूँ। मैं जन्म से ही 40 परसेंट से अधिक विकलांग हूँ। दसवीं पास करने के बाद कुछ काम धंधा समझ नहीं आ रहा था इसलिए 24 वर्ष की आयु होने पर मैंने आईटीआई नरेला में रेफ्रिजरेशन एंड एयर कंडीशनिंग ट्रेड में एडमिशन लिया। यहां मैंने 2006 से 2008 के बीच ट्रेनिंग ली। यह ट्रेनिंग मेरे लिए बहुत उपयोगी रही, क्योंकि इसके पश्चात् मैंने Hitachi सर्विस डीलर के पास 3 वर्ष, LG में 1 वर्ष तथा मौज़ा शुज़ कंपनी में 5 वर्ष तक ए सी मकैनिक् का काम किया, जिससे मैंने अपना अनुभव बढ़ाया। अब पिछले 2 वर्षों से मैंने अपने गांव में ही अपनी एक वर्कशॉप खोल ली है तथा AC के spare parts का भी काम शुरू कर लिया है। अब मैं अपने घर से ही जो भी फोन कॉल पर कंप्लेंट आती हैं मैं उनको अटेंड करता हूँ। और क्योंकि यह एक सीजनल काम है और इसका सीजन साल में लगभग 9 महीने रहता है इस दौरान मेरी आमदनी 35 से 40,000 रुपए रहती है तथा ऑफ सीजन के 3 महीने में यह कम रहती है इस दौरान मैं गीजर, वाशिंग मशीन इत्यादि का काम करता हूँ और अपनी क्षमता के अनुसार जो मैंने आईटीआई से ट्रेनिंग ली तथा मार्केट का अनुभव लिया उसका मैं भरपूर उपयोग कर रहा हूँ और मैं खुश हूँ। मैं यह भी कहना चाहता हूँ कि आज के समय में जब नौकरियों की बहुत कमी है तो रेफ्रिजरेशन एंड एयर कंडीशनिंग ट्रेड में आईटीआई से 2 वर्ष का कोर्स करके और दो-तीन साल का मार्केट में अनुभव करके आप घर से ही बहुत थोड़े लागत के साथ अपना काम शुरू कर सकते हैं तथा जितनी तनख्वाह नौकरी से मिलती है उससे अधिक आप कमा सकते हैं।

धन्यवाद  
मनदीप सिंह

मेरा नाम आकाश शर्मा है। मैंने अपना प्रशिक्षण IIT नरेला से शैक्षणिक सत्र 2019-2020 में पूरा किया था। मेरा रोल नंबर 00190807004442 था। प्रशिक्षण अवधि में की गई कड़ी मेहनत की बदौलत ही मैं सफल हो पाया हूँ। नसीब सभवाल सर की गाइडेन्स के कारण मुझे बहुत कुछ सीखने को मिला। ट्रेनिंग टाइम में नसीब सर सूक्ष्म से सूक्ष्म जानकारियों से हमें अवगत करवाते रहे। उनके कारण मैं गाज़ियाबाद में आयोजित राज्य स्तरीय स्किल प्रतियोगिता में भी विनर रहा। इस प्रतियोगिता में जीत के बाद मुझे वडोदरा, गुजरात में राष्ट्रीय स्तर की स्किल प्रतियोगिता में भी भाग लेने का मौका मिला। जिसमें किन्हीं कारणों से मैं जीत नहीं सका। परंतु राष्ट्रीय स्तर की प्रतियोगिता में पहुंचना भी मेरे लिए बहुत ही महत्वपूर्ण क्षण था। यहां इस प्रतियोगिता में भाग लेने से मेरे आत्मविश्वास में काफी बढ़ोतरी हुई। इसके बाद मुझमें यह कॉन्फिडेंस आ गया कि मैं भी वेल्डिंग के क्षेत्र में कुछ बेहतर कर सकता हूँ। अभी मैं कुंडली (सोनीपत) में सार्थक इंजीनिरिंग कंपनी में वेल्डर की जॉब कर रहा हूँ। यहां मेरी सैलरी 19000 हजार रुपये है। नसीब सर के सहयोग के लिए उन्हें मैं धन्यवाद देना चाहता हूँ। क्योंकि वह आज तक भी मुझे गाइड करते रहते हैं। IIT नरेला में मुझे बहुत कुछ सीखने का अवसर मिला। मैं अभी प्रशिक्षण प्राप्त कर रहे ट्रेनीज को भी यहीं सलाह दूंगा कि वह अपना प्रशिक्षण मन लगा कर पूरा करें। क्योंकि सफलता का कोई शार्ट कट नहीं होता। सफलता कड़ी मेहनत से ही पाई जा

सकती है।

आकाश शर्मा

My name is Manoj. I belong to a middle class family. Right from the beginning my ambition was to work in a Information technology industry. In this regard my family advised me to get admission in ITI. Where there is a will there is a way. I got admission in Computer Hardware and networking trade in Lala Hansraj Gupta ITI Narela Delhi in 2014. I worked hard during my training period. My teacher Anil Solanki Sir supported, guided and motivated me at each and every step. The infrastructure of our Instrument Computer lab helped me a lot to learn about different types of computers, Laptops such as Processors, Motherboard, RAM's and basic electronics parts etc.

After the completion of Computer Hardware and Networking course (2014-15), I started my career as a Computer Hardware and Networking Engineer. But my ambition was something more to get, after some time I realised there is no success without mentally strong and Hard-work. I worked hard to achieve my goal. At last my dream come true when I got an offer to work in M/s Rohanika Electronics & Medical Systems. I joined as a Customer support-service field Engineer in this company, there I had to work on computer based Medical equipment's. Presently I am drawing a salary of Rs 35,000/- per month. I am very grateful to my ITI teachers faculty members and my family who always supported and guided me to achieve success in my career. Especially My ITI teacher Mr. Anil solanki for approaching me for this Job. Thank you all for my Succes of my life.

My name is Sanjeet Dabas. I belong to Middle class family. Right from the beginning my ambition was to Self Architectural Bussiness. In this regards my Sister Priyanka Advise me to get Admission in civil trade. Where there is a will there is a way. I got admission in Civil trade in Nirmal Parkesh Sir ITI NARELA, Delhi in 2011. I worked hard during my training periods. My Teacher Nirmal parkesh sharma supported, guided and motivated me at each and every step. After the completion of Civil trade course 2011-2013, I started my career as a Architect, but my Ambition was something else. Then Nirmal sir tell to do Autocad then 3DX max for Interior or Exterior Designer. Now I gave my full potential to prove myself in My Business. Presently I am earning lakh's per month. I am very grateful to my teacher Nirmal Parkesh Sharma, facultiy members and my ful spot of my Mother and Sister Priyanka who always supported and guided me to achieve success in my career.

I **Sudesh Kumar** and I belong to a middle-class family. I have completed my Mechanical education from **ITI Narela** in the batch of 2019-21. The **Draughtsman Mechanical** of ITI Narela is well equipped with modernized tools and machinery. During the course, Sunil Sir motivated me from time to time for hard work, for practically sound and for developed self-skills so I take much attention to my training. After completion of ITI there was a challenge for me due to COVID Pandemic our ITI got closed but still, our sir got us to complete some of our work through the online Zoom app and as soon as ITI opened he gave us AutoCAD 2D, solid work About and got our course done And then our sir sent us Bansal Engineering Kundli which is in Sonipat for the job and we got the interview and we were shortlisted in it and all this happened because of our Sunil Sir I want to say thank you to him and he guides us like this even today.

Thank you so much Sir.

At last I Thanks to My Parents, Teachers and my Friends.

My name is sumit singh. And I am from new delhi Alipur pin-110036. I am a student of Lala Hans Raj Gupta ITI Narela in the trade of Draughtsman Mechanical and my roll no is 190807004224. In time of learning I do hard work and focus that make me successful. In the guidance of Sunil Saini Sir I get so many things to learn and also get aware of any small and big information.

Due to corona virus infection our ITI will be closed by government order. but in this  
Epidemic situation we all students and Sunil Sir didn't give up. And started online class with the help of zoom app on our smart phones. Sunil Sir takes classes every day and on time. And we get our ahead theory work. And he also takes tests on the weekend. For the presentation of exam. Then some time after government opened the ITI and we started studying about our practical and most importantly AutoCAD software.

Seeing of our hard work we 5 students are invited for an interview in a BANSAL ENGINEERING KUNDLI SONIPAT (HARYANA). And thankfully we all are short listed.

I am very thankful there I get a helpful teacher like SUNIL SIR. And also thanks to all ITI staff and my friends. Where I got so many things to learn.

Our Success journey will continue...
